Catch the Ace - Rules

- d) Ticket sales receipts, at all locations, will be kept separate from all retail or other sales receipts, accounted and reconciled separately and collected by an executive member of the Catch the Ace committee weekly.
- e) Tickets will be stub type tickets, requiring completion of contact information by the purchaser, as well as the selection of a number between 1 and 52 which will correspond to an envelope numbered as noted in 5 c) below. Each sales location will have a board or some other form of display indicating which numbers have been drawn in previous weeks, and which are still available for selection (sample attached).

2) Prizes

- a) If your ticket is drawn, you will immediately win 20 % of the total ticket sales collected for the week culminating on the day of the draw, paid by cheque.
- b) If you selected an envelope number (from 1 to 52 of available and not previously selected numbers) when you purchased your ticket and place it in the draw box, the corresponding envelope will be drawn and opened. If it contains the Ace of Spades, you will also win the accumulated amount in the progressive jackpot, paid by cheque.
- c) If the card corresponding to the envelope you selected is NOT the Ace of Spades, the 30 % of total sales for that week allocated to the progressive jackpot will build until the Ace of Spade is drawn, subject to 2 e) below.
- d) Once the Ace of Spades is drawn, the lottery is over, and a new lottery under a new license # will commence for the following week.
- e) At any weekly draw where the progressive jackpot amount is such that a sell out week the following week (all available tickets sold) would result in the progressive jackpot amount exceeding \$49,999.99, the drawing must continue until a ticket is drawn whose chosen envelope number corresponds to the envelope containing the Ace of Spades. In this circumstance, the first ticket drawn will be the winner of the weekly draw (20 % of weekly ticket sales). The amount normally allocated to the progressive jackpot will be so allocated. Each subsequently drawn ticket will ONLY be allotted a prize (the progressive jackpot) if the ticket identifies the envelope number which contains the Ace of Spades.

3) The Draw

- a) The draw will take place at the Royal Canadian Legion, branch #170, Franklin Street Uxbridge, each Tuesday afternoon at 5:00 p.m. EST. If it is determined that the venue is not of sufficient size to accommodate the number of persons attending the draw, approval by the licensing authority will be sought, notice provided and an alternate location found.
- b) There will be a one time change in draw day, resulting from the normal Tuesday draw falling on December 25th, 2018 (Christmas Day). That draw will take place on Wednesday, December 26, 2018 at 5:00 p.m.. All retail outlets will have notices posted in advance to this effect.
- c) It is not mandatory for the ticket holder to be present for the draw.

Catch the Ace - Rules

- d) Immediately prior to the draw, the currently weekly draw prize, and the value of the progressive jackpot will be announced.
- e) If your ticket is drawn whether or not you are in attendance, the envelope which corresponds to the number on your ticket will be drawn and exposed to all in attendance.
- f) If your ticket is drawn, but you failed to indicate a number from the Catch the Ace board (between 1 and 52 of numbers still available) or you selected an envelope number that had previously been drawn, the Catch the Ace committee members who are monitoring and administering the draw will select the lowest envelope number from the envelope numbers still available, on your behalf. If that number corresponds to the Ace of Spades, you will be eligible for the progressive jackpot amount as if you had selected that envelope number yourself.
- g) The organizers will attempt to contact the weekly winner for 5 consecutive days at the phone number provided on the draw ticket, leaving a message when possible, as well as posting weekly winners in a local Uxbridge newspaper. In the event any weekly prize or jackpot is NOT claimed or collected within one year of the date of the draw, that winner will be disqualified and the prize money will be added to the progressive jackpot of the licensed draw in effect at that time.
- h) Any winner, if not known personally to the organizers, will be requested to provide identification to prove they are the person named on the ticket.

4) Tickets

- a) Tickets will be numbered sequentially.
- b) Tickets are only valid for the draw for which they are purchased. Once each weekly draw is completed, non-winning tickets will be removed from the draw box together with unsold tickets from that weekly allocation, and stored for 30 days before disposal.
- c) Each series of tickets will contain, in addition to 4 d) herein, the current lottery license number, the ticket number, and the contact information for the Ontario Problem Gambling Hotline.
- d) Each purchaser, upon purchasing his ticket, will immediately print the following information in the area provided;
